

REPUBLIC CREOSOTING COMPANY

St. Louis Park, Minn.
June 20, 1933.

TO: Mr. P. C. Reilly, President - Indianapolis

FROM: R. L. Rademacher

SUBJECT: VILLAGE OF ST. LOUIS PARK - WATER SUPPLY

US EPA RECORDS CENTER REGION 5

514877

In line with your instructions, we are sending a sample of the water that is now being pumped from the Village well. You requested that when the Village start pumping that we get a sample of the water and this is the sample being forwarded to you today.

In an attempt to draw the water away from the Village well, we are pumping our two wells and are spraying as much of the water as possible on our lawn.

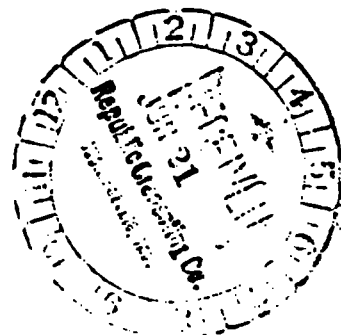

As these pumping operations have just started today, we will write you again in a few days and give you our observations.

Yours very truly,

REPUBLIC CREOSOTING COMPANY

R. L. Rademacher
